

## Estimated 2021-2022 Undergraduate Academic Year Cost of Attendance

The Cost of Attendance (COA) is an estimate of school-related expenses the student can expect to have for the academic year, or semester of enrollment. The COA is composed of the following categories: tuition and fees, books and supplies, room and board, transportation, and some personal expenses. These components are determined by law, Higher Education Act of 1965, section 472, and are designed to cover the educational-related expenses of the student. In addition, the cost of attendance will consider the residency status, living arrangements (i.e. living with parents, on campus, off campus), and, in some cases, the student's major.

All costs are subject to change without notice and are expected to increase annually. The Cost of Attendance is based on estimated figures and may not accurately reflect an individual student's costs. The combination of the direct and indirect costs will be used to determine financial aid. \*Please note, this rate is based on reported expenses, clothing, haircuts, telephone, and other utilities, etc. Fees associated with student loan borrowing have been accounted for in the total budget for both residents and non-residents. Loan fees will vary.

*Please keep in mind that your individual program or coursework may have additional fees associated.*

- Child care expenses incurred while the student and/or spouse are at school or work
- Unusual medical/dental expenses, not covered by insurance and not itemized on tax returns
- Approved Clarion University study abroad programs
- Costs related to a disability
- Additional required program fees and expenses
