

ADVANCED *placement*

“Clarion gave me 37 AP credits toward my degree in chemistry, and an opportunity to finish a four-year degree in just three years.”

MATT
MONROEVILLE, PA.

CLARION
UNIVERSITY

Clarion University encourages students who have taken College Board Advanced Placement (AP) courses in high school to submit their official test scores. We offer more than 175 academic degree programs and grant AP credit for scores of 3, 4, and 5 for most of the AP courses the College Board offers. Exams are given nationally each year. Your high school counselor can provide more information.

With **AP CREDIT**, you:

- have an advantage in admissions selection
- can receive instant college-level academic credit
- are free to select other college courses rather than a subject already mastered in high school
- are able to accelerate your undergraduate degree program, saving time and money for graduate school or other career plans

**Get more information at *clarion.edu/APCREDIT*
or call 800-672-7171 (EXT.1).**
