The **Reserve Search**, available by clicking the **Course Reserves** tab, allows you to search for items placed on reserve for various classes. Main campus reserve items are available at the Circulation Desk in the Carlson Library and Venango campus reserve items are available at Suhr Library. (Many professors are now placing materials on electronic reserves, which can be accessed by selecting “E-Reserves” from the **Library Services** category on the Libraries’ web site.)

The screenshot displays the Clarion University Libraries website. At the top left, there is a navigation menu with links for "Clarion Home", "Future Students", "Current Students", and "Faculty & Staff". The Clarion University logo is centered at the top. To the right, there are links for "Ask a Librarian", "Renew Books", "Library Hours", and "Library Home". Below the header, a navigation bar contains links for "New Search", "Headings", "Reserves", "Other Catalogs/UBorrow", "Search History", "Patron Info", "Login", "Requests", "Help", and "Exit". A large grey arrow points from the "Reserves" link in this bar to the "Course Reserves" tab in the search interface below. The search interface includes a "Database Name" field set to "Clarion University Libraries". The search tabs are "Basic Search", "Guided Search", "Course Reserves", and "New Books". The "Course Reserves" tab is active, showing three dropdown menus for "Instructor", "Department", and "Course", each with "Any" selected. Below these is a "50 records per page" dropdown, a "Search" button, and a "Reset" button. At the bottom, there is another navigation bar with links for "New Search", "Headings", "Results", "Other Catalogs/UBorrow", "Search History", "Patron Info", "Login", "Requests", "Help", and "Exit". A footer bar contains links for "News & Events", "Electronic Serials List", "E-ZBorrow", and "Interlibrary Loan". The Keystone Library Network logo is in the bottom right corner.

A full bibliographic citation, as shown below, will be the end result of your search.

Early identification of Alzheimer's disease and related dementias.
