

Skills for Teacher Leaders Endorsement Certificate

Student Learning Outcomes:

Teachers enrolled in the program will be able to:

1. Demonstrate appropriate skills of teacher leaders including interpersonal and communication skills, social-emotional insight, and understanding of all students' and staff members' backgrounds and cultures.
2. Develop teachers' and staff members' professional knowledge, skills, and practice guided by understanding of professional and adult learning and development.
3. Design a plan for school change and communicate the need for, process for, and outcomes of improvement efforts.
4. Establish a professional learning community in their building or work within a professional learning community in their building to promote continuous individual and organizational learning and improvement.
