

COOP 402: Intern/Political Science

Political Science COOP 402 is usually a culminating experience for seniors. Internships operate somewhat like student teaching, with the emphasis upon application of knowledge in a realistic setting rather than acquisition of new material. In other words, internships are begun with most entry level skills at least partially developed, and the intern is expected to render supervised professional services. The length of an internship may be less than a semester or as long as a year. Many internships carry no salary or stipend. Prerequisite: Senior Standing and a QPA of at least 2.5 or approval of the Dean of Arts and Sciences.
