

How do I enable/disable my Browser Pop-Up Windows in Microsoft Edge

Solution:

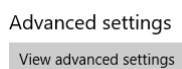

1. Open *Microsoft Edge*
2. Click “*More*” option on Microsoft Edge tool bar – looks like yellow highlighted option below

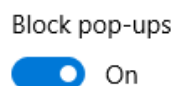

3. Click *Settings*

3. **Tap or click View Advanced Settings**. You will need to scroll down to the bottom of the page to see “Advanced settings” option.

4. Near the top of list of options you will see a slide switch labeled “Block pop-ups”

5. Slide switch to either left (off) or right (turn pop-ups on).
