

The Washington Center for Internships and Academic Seminars (www.twc.edu)

<http://www.twc.edu/internships>

Find out how you can spend the fall, spring or summer in Washington, D.C. interning, taking a course, and attending special programming related to your field of interest. We provide more than an internship. Through our program, you will engage in meaningful coursework and programming, expand your network, and transition from college into your professional future.

Learn about the academic internship programs we offer to college and university students from the U.S. and around the world.

TWC's Academic Seminars are experiential learning at its finest. Several times each year, The Washington Center's Academic Seminars bring students together to explore the intersection of current affairs, politics, international relations and society. Academic Seminars are timely, relevant, and comprehensive. You'll gain a better appreciation of the complexities facing world leaders, and see things from points of view you've never considered before. Reaching well beyond books and classrooms, opportunities include experiential fieldwork, relevant site visits or tours, panel interviews and small group discussions.
