

## Pre-Professional Health Medicine Programs

The following list will take you to the curriculum maps for each potential pre-professional health major for the medicine field:

- [B.S. Biology/Pre-Medicine](#)
- [B.S. Chemistry, Biochemistry/Pre-Medicine](#)
- [B.S. Chemistry/Pre-Medicine](#)
- [B.S. Molecular Biology and Biotechnology/Pre-Medicine](#)
- [B.A. Psychology/Pre-Medicine](#)
- [B.S. Psychology/Pre-Medicine](#)
- [B.A. Sociology degree/Pre-Medicine](#)

## Tentative Four-Year Plan: BS Biology / Pre-Med

The below is a tentative schedule and assumes the incoming student with the following placements; Pre-Calculus (Math 171) and College Writing II (ENGL 111). It is highly recommended that you consult a pre-professional faculty advisor to adapt the schedule to your particular circumstances.

Please check with specific Medical programs for pre-requisites not included below. Some possible recommended courses may include: Medical Terminology

**Note – This tentative academic plan assumes that the required course for physical therapy programs will not be completed until after graduation. Thus the student will apply after graduation and have a gap/push year before matriculating into a physical therapy program. Please consult your pre-professional advisor for the feasibility of completing the physical therapy requirements in three years and thus apply before graduation.**
